## MUN Club

The primary objectives of the Model United Nations Club are to provide students with a practical understanding of international relations, politics, and diplomacy and to cultivate leadership qualities, public speaking skills, negotiation abilities, and teamwork among participants.

MUN enhances students knowledge of global issues, encouraging them to think critically and propose feasible solutions and also improves research, analytical, and debating skills in a simulated diplomatic setting

## Heritage Club

Heritage is a cultural legacy or tradition passed on from one generation to another

India is deep rooted in the culture of her past; it is a vast country, and centuries old. The culture of India is one of the oldest and unique. So the students of heritage club join INTACH (The Indian National Trust for Art and Cultural Heritage) in a motive to help and create awareness about India's heritage among fellow mates and community.

## Health & Nature Club

The school health club: helps organize the children as carriers of health information from the school to their homes. Stimulated positive, healthy behaviors and practices among children. Equips the children with life-building skills needed for a better future.

Establishes a link between the school and health services.

The Nature Club aims at inculcating an appreciation of nature among students and encouraging them to participate in a variety of conservation initiatives.

## Literacy Club

Students often engage in a range of activities; including script reading, play rehearsals, improvisation exercises, literary discussions, poetry readings, writing workshops, and literary analysis sessions. Sometimes the students collaborate on creative writing projects, participate in debates, or organize events such as visits of authors or literary competitions. Students work together to stage theatrical productions, organize storytelling events, or participate in drama competitions. This collaborative and expressive environment allows students to not only enhance their understanding of literature but also to develop their acting, directing, and production skills. This club encourages a sense of community among like-minded individuals and promotes teamwork, communication, and leadership skills.
